

Florida Virtual School

www.flvs.net

Students at Christian Home & Bible School are able to enroll in online classes through Florida Virtual School. This is a fully accredited curriculum of classes that are in line with Florida's Sunshine State Standards and will be credited toward graduation. Any student wishing to enroll in these classes must first meet with the guidance counselor and get approval for such classes. No student may enroll in any classes that are already taught as required classes here at Christian Home & Bible School. Following are some considerations for this program:

1. The student must have access to a computer and be fairly proficient in its use.
2. The student must be disciplined in study habits.
3. The student must realize that the grade that is issued by Florida Virtual School is the grade that will be recorded on the transcript here at CH&BS.
4. A withdrawal after the time allowed for withdrawal is recorded as an "F".

This is a great opportunity to take classes that are not offered through our program here, as well as to add good courses to enhance the gpa and college credibility.
